

Ward Attorney Challenges FDR Authority

Arguments Heard In Court; Judge Will Decide Monday

CHICAGO, May 2—(AP)—Montgomery Ward and Company today challenged President Roosevelt's right to place the huge concern's Chicago plants under federal control.

Harold Smith, attorney for the huge mail order and mercantile firm, told Federal Judge William H. Holly:

"The substance of the government's case is this—the president has the power to confiscate Ward's private property because of the existence of a national emergency which invests him, as commander-in-chief of the armed forces, with extraordinary and terrifying power of seizure.

"This position is fallacious and no law or constitutional provision confers such a power or authorizes its exercise."

Smith declared that the firm attacked the validity of the seizure on these constitutional grounds:

"It is an unreasonable seizure contrary to the fourth article of the bill of rights, it deprives them (the owners) of liberty and property without due process of law, and constitutes the taking of private property for public use without just compensation in direct violation of article five of the bill of rights."

Respects President

Smith said the commander-in-chief was entitled to respect, loyalty and cooperation from all citizens, but added:

WASHINGTON, May 2—(AP)—The House Rules committee reported favorably today a resolution authorizing an investigation of the government seizure of the Montgomery Ward plant in Chicago, and Chairman Sabath (D-Ill.) declared the inquiry should be extended to determine why the War Production Board gave a mail order house so much business.

"That company got \$100,000,000 in government business that should have gone to manufacturers," Sabath told a reporter.

"But I strongly resist and resent any notion that in the guise of his military powers he can ignore the bill of rights and arrogate to himself despotic powers against which free people have been protected since the days of Magna Carta, and which are explicitly and unmistakably reserved to the people of the United States in the bill of rights."

Arguments were ended at noon on Attorney General Francis Biddle's petition for an injunction to restrain Ward officials from interfering with federal operation of the firm's Chicago facilities—taken over Wednesday night. Judge (Please turn to Page 4, Column 4)

Siamese Twins Are Near Death

PHOENIXVILLE, Pa., May 2—(AP)—Siamese twins were still alive today and still fighting against a death which doctors say is inevitable.

The "cute little blonde girls" were isolated in the Phoenixville hospital nursery. A nurse was with them constantly.

The girls were born early Sunday morning to Mrs. Mary Stierly 24, whose husband, Harold, a war plant worker, was killed in a motorcycle accident two months ago.

Mrs. Stierly saw them for the first time yesterday. Their crib was wheeled into her room. Their bodies, joined together at the pelvis, were hidden from her by a sheet. She saw only the heads.

"Mrs. Stierly's condition is good, but she is considerably depressed," said Dr. J. Elmer Gotwals, chief of staff at the hospital.

"The girls are sinking. Their temperature is higher today, and their pulse rate is too fast. At 10 o'clock last night, I didn't believe they would live until morning."

Every six hours, nurses feed the girls a condensed milk formula, the larger child is fed by bottle, the smaller by medicine dropper.

It is the smaller who is expected to take her sister with her in death. Her head is about two-thirds as large as her sister's. Her vitality is low, and her circulatory system is bad.

The girls have a single alimentary tract and cannot be separated by surgery. When one dies, Dr. Gotwals says, the other will soon follow.

Pleads Guilty to Murder
NEW HAVEN, Conn., May 2—(AP)—Walter William Law, 39, charged with the furnace slaying of Rose Brancato, 28-year-old New Haven newspaperwoman, today pleaded guilty to second degree murder in superior court where he was to have stood trial on a first degree murder charge eight days hence. He was immediately sentenced to life imprisonment.

Warns Against Expecting 'A Short War'

WASHINGTON, May 2—(AP)—War Secretary Stimson told Congress today "We are approaching the crisis of the war effort" but at the same time admonished against expectations of a "short war," saying:

"It seems to me to be essential that we should avoid doing anything at this time which will either create false hopes about the early termination of the war or which will in any way tend to disturb the morale of the soldier in the field or his family at home."

"This is particularly vital just now when we are approaching the crisis of the war effort."

Stimson appeared before the House Banking committee in support of legislation to extend the administration's price control program for one year beyond its June 30 expiration date.

Osage River Out of Banks In Missouri

War Interferes With Flood Control Of State Rivers

ST. LOUIS, May 2—(AP)—Major General Eugene Reybold, chief of army engineers, said today the damaging floods of the last two years on the Missouri and Mississippi rivers would have been prevented if the war had not interfered with flood control plans.

He said an 11-million-dollar project authorizing a series of reservoirs and levees on the Missouri and Mississippi has been approved by congress and awaits only the release of strategic materials before work can be started.

"District engineers are ready to begin work as soon as the war ends and manpower and materials can be obtained," Gen. Reybold stated. "It will take two years to complete."

Valley Neglected
The reservoirs and levees would extend from Sioux City, Ia., on the Missouri river to its mouth and from St. Louis to Cape Girardeau, Mo., on the Mississippi, he said.

"The Missouri valley has been sadly neglected from the point of view of flood protection," the general said. "It's a shame that this amount of money (\$11,000,000) cannot be spent immediately to prevent damage that last year was estimated at \$47,000,000."

A survey is now being made by the army engineers' office in St. Louis for a similar project on the Illinois river, Gen. Reybold said. With the Missouri and Illinois under control, he added, the Mississippi water could almost be held to a constant level the year around.

Osage Out of Banks
The Osage river was out of its banks in Missouri all the way from the Kansas border to its confluence with the Missouri river east of Jefferson City—some 300 winding miles.

Fed by another rain last night, the Osage topped 31 feet at Tuscumbia today, invading low parts of the town, and approached 28 feet at St. Thomas. Tuscumbia was isolated by water over its highway outlet.

With the Lake of the Ozarks—formed from the Osage by the Bagnell dam—1.3 feet over full reservoir and still rising slowly, rivermen predicted a top of about 34 feet at Tuscumbia, where last year's record flood registered 43 feet.

Water was cascading from the lake into the lower Osage through all 12 flood gates of Bagnell dam.

Col. Lawrence B. Feagin, district engineer and Col. Malcolm Elliott, division engineer in St. Louis, who accompanied Gen. Reybold on his inspection trip, estimated that 320,000 acres of unprotected land and 150,000 acres of leveed land were under water in the Mississippi river valley.

Allege Price Ceiling Violations on Liqueur
WASHINGTON, May 2—(AP)—The Justice Department said today a sealed indictment, charging Schenley Distillers Corp., New York; a Bayonne, N. J., wholesale liquor firm and ten persons with conspiracy to violate price ceilings and to keep false records, has been returned by a Newark, N. J., federal grand jury.

Acting Attorney General Charles Fahy announced that the indictment, involving alleged price ceiling violations in Georgia, Texas and Louisiana, was returned April 26.

Gripsholm Sails Today
WASHINGTON, May 2—(AP)—The Swedish exchange liner Gripsholm sails today to carry out its second exchange of seriously sick and wounded war prisoners with Germany and to make exchange of other Germans and Americans entitled to repatriation under the Geneva convention.

The exchange is to take place at Barcelona about May 17. The American patriots are expected to land in New York early next month.

No Guard House on Kwajalein

KWAJALEIN ISLAND, May 2—(AP)—This American army base in the Marshalls has no guardhouse.

"There's too much work to be done here for us to spare men either as guards or as inmates of a guardhouse," a military police lieutenant explained.

H. C. Brant, Jr. Electrocutted

Henry C. Brant, Jr., 47 years old, life-long resident of Tipton, Mo., who was employed by the Missouri Utilities company, was electrocuted while at work at Blackwater, Mo., at 3 o'clock Monday afternoon when he came in contact with a live wire. He died at 5 o'clock Monday afternoon.

Brant was born in Tipton on January 18, 1897, the son of Mr. and Mrs. Henry C. Brant, Sr., of Tipton. He was reared and educated in Tipton and was married in 1926 to Miss Louise Imhoff, who survives.

Surviving besides his wife and his parents are three children, Patricia, Kenneth and Charles, two brothers, J. J. Brant, manager of the telephone company in Tipton and Edward W. Brant, also of Tipton; and five sisters, Mrs. Joe W. Dick, Mrs. Jane Verlinde and Mrs. Frank Schmidt, all of Tipton and Mrs. Ewald Fischer and Mrs. Don Heavener, both of Kansas City.

Funeral services will be held at 9 o'clock Wednesday morning at the Catholic church in Tipton of which he was a member.

Mr. Brant was a veteran of World War I and military services will be held by the Edgar Cole Post of the American Legion.

Preview of Huge Post-War Plane

FORT WORTH, Texas, May 2—(AP)—The awe-commanding wooden skeleton of a post-war dream plane—a 400-passenger liner that will cruise over the Atlantic in peace days to come—was previewed by aviation writers here.

The craft was displayed in full-scale wooden fuselage design at the Consolidated Vultee Aircraft corporation plant. The new plane, known as Consolidated model 37, will not be built until after the war. Then it is intended to fly from New York to London nonstop with ample fuel reserves to reach alternate airfields on the European continent.

Model 37 has a wingspan of more than 200 feet. It will be powered by six huge pusher engines. The fuselage is built in two levels.

Two Trainees Die in Storm

TYLER, Tex., May 2—(AP)—Two Camp Fannin trainees were killed and 17 were injured early today when a storm toppled trees on groups of men engaged in a night training problem in Bivouac areas on the reservation.

Pvt. Clayton F. Matlock, of Baldwin Park, Calif., died enroute to the station hospital about 1:45 a. m., and Pvt. James J. Cox, Jr., of Ector, Tex., died at the hospital at 3:35 a. m. Their next of kin have been notified.

Injured included T/5 William R. Montgomery, Porter, Okla., and Pvs. Donald J. Green, St. Louis; Orick Tatzlaff, Goessel, Kans.; William F. Rowsey, Powhatan Ark.

U. S. Guarantee Of Compensation

WASHINGTON, May 2—(AP)—The senate received from its military committee today a bill to guarantee that "businessmen shall be paid speedily the fair compensation which is due them" when their war contracts are terminated.

The measure has the support of the War and Navy departments and business organizations. Labor groups have asked that, instead of being handled separately, it be incorporated into broader legislation covering protection of workers in the reconversion of industry to peacetime production.

Discussion On Airport Before City Council

Numerous Other Matters Taken Up At Meeting

There was a large attendance at the regular meeting of the City Council Monday night, many of the spectators being interested in the city appointments made at this time.

Mayor A. H. Wilks, who is ill, is better, but still not able to leave his home. A. L. Pringle, mayor pro tem, presided in his absence. Leo Eickhoff, of the fourth ward, was absent.

Voting was practically unanimous on the appointments, given elsewhere in this issue. There was one no vote cast for city clerk, that cast by J. F. Taylor, third ward, a Democrat.

Appreciation Of Appointment
After the unanimous selection of Raymond Fetters, sanitary officer, Lieut. G. F. Darnell, provost marshal at the Sedalia Army Air Field, arose and said he wanted to express appreciation to the council for its selection. He stated that he had received splendid cooperation from Mr. Fetters in the army's work in Sedalia.

Richard Keenan voted with the unanimous decision for all members of the fire department, all reappointments, with the exception of the chief. Later in the evening he made the statement he would like to see him work out better working conditions for his men. He stated he had taken good care of the equipment, but when he men had a petition for better working conditions he would like to see the chief's name on it. (Please turn to Page 2, Col. 5)

Boys Drown on Hunting Trip

EMINENCE, Mo., May 2—(AP)—Two brothers were drowned in the Forest Service lake just off highway 19 late yesterday afternoon, the climax to a hunting trip.

The boys were Robert and Amos Hoover, aged 11 and 14 respectively, stepsons of Jake Pyatt, a farmer living near Winona. The body of one of the boys was recovered two hours later and the other was found shortly after dark.

Officers investigating the accident were told the boys went hunting early in the afternoon and that one of the boys shot a mud hen which fell into the lake. The older boy, using a boat, went to get the bird and upset the boat while trying to reach the mud hen with a long stick. He called to his brother that he was drowning.

The younger brother, responding to Amos' cries, jumped into the lake but when he reached the older boy, Amos clamped his arms around Robert's neck and they sank together.

The coroner said an inquest would not be necessary.

Negro Leaves Voting Place Without Voting

TALLAHASSEE, Fla., May 2—(AP)—A Negro high school teacher today attempted to vote here as a democrat in Florida's primary election, but left the polling place without being admitted to a booth.

Precinct officials who declined to be quoted by name said she had not been denied the right to vote but had been asked to wait pending a legal ruling on her qualifications. They did not say to whom they were going for a legal opinion.

Missourian Killed
SAVANNAH, Ga., May 2—(AP)—The death list in the crash of a B-24 bomber at the Hebert Smart municipal airport at Macon yesterday was increased to eight today with the death of Staff Sergeant Lowell M. Davis of Mansfield, Mo.

Five Soldiers Are Granted Citizenship

Examination Given Today in Circuit Court

Five soldiers from the Sedalia Army Air Field were administered the oath of allegiance to the United States, and granted their citizenship in court of Judge Dimmitt Hoffman, circuit judge, at 2:15 o'clock this afternoon. Bryan Howe, circuit clerk, administered the oath to the newly admitted citizens.

C. L. Long, examiner from the immigration and naturalization division, Department of Justice, Kansas City, was here and completed the examination of the applicants.

The five were: Corporal Theofilo C. Atienza, 38 years old, Filipino, who was born April 6, 1906 at Taal, Philippines. He came to the United States arriving at San Francisco on September 5, 1924. He is married to Elvira Fulco Bari, and they have two daughters, Maria Leonra, two and a half years old and Bernadette Bianca, seven months old. His family resides at Knob Noster. Corporal Atienza has been in the service two years. Their permanent home is in Brooklyn, New York.

He has been in the service since August 21, 1942, and he is single. His home is in New Rochelle, New York.

Military Mission Arrives in London

LONDON, May 2—(AP)—Arrival in London of a military mission from headquarters of Marshal Josip Broz (Tito), Yugoslav Partisan leader, renewed speculation today concerning the possibility of an Allied invasion of the Balkans.

The mission, consisting of a Croat and a Slovene, arrived yesterday.

A Berlin broadcast, meanwhile, asserted that 11,222 Partisan troops were killed in April in Yugoslavia and that additional thousands were wounded or captured.

Germans Thrust Forward in Italy

ALLIED HEADQUARTERS AT NAPLES, May 2—(AP)—The Germans have thrust forward against Fifth army positions on the Anzio beachhead and made a slight gain three miles southwest of Carroceto, it was announced today.

Enemy shelling also increased in the long-dormant Cassino area of the Fifth army's main front and strong enemy patrols were driven off in that sector, headquarters said.

American Subs Sink Several More Jap Ships

WASHINGTON, May 2—(AP)—Sinking of a Japanese light cruiser and two Japanese destroyers by American submarines operating deep in enemy-controlled waters was announced by the navy today.

In addition, the navy reported, the American submarines destroyed seven Japanese cargo vessels, one larger tanker, and a large naval auxiliary on their patrols carried out in enemy territory.

The sinkings brought to 695 the number of Japanese vessels of all types sunk, probably sunk or damaged by the submarines.

That total includes 344 sent to the bottom.

A breakdown of the sinkings and damage shows that of the total 60 of the Japanese vessels have been warships.

They include 45 sunk, 10 probably sunk and 14 damaged.

The light cruiser destroyed in an unidentified area was the fourth of that classification sunk by American submarines. The submarines also have listed in their battle efforts five Japanese cruisers probably sunk and six damaged.

The two destroyers brought to 25 the number of such Japanese warcraft sent to the bottom by American submarines.

Pursuant to customary policy, the navy gave no information on the submarines' latest hunting grounds. At times they have entered the harbors of the Japanese homeland.

Auxiliary to Legion Aids Home Problem

Vote to Assist Soldiers Find Homes For Families

The American Legion Auxiliary to Post No. 16 met Monday night in the parish hall with the president, Mrs. James Franks in charge.

The unit stood in silent prayer for thirty seconds as a memorial to Mrs. Jennie Hilligoss, a gold star member, who had died since the last meeting.

Much important business was taken up at which time the local housing proposition was presented and the unit voted to assist in placing soldiers and families in one night lodgings on short notice.

Rev. Fordyce Eastburn, pastor of the Calvary Episcopal church was introduced. He spoke on the month of May as child welfare month and the unit voted to give ten dollars to Teen Town club in behalf of this program.

The committee reported 167 tray cloths made and sent to the hospital at Wadsworth, Kas.

Mrs. Herman Myers, poppy day chairman, gave the history of the origin of the poppy as a memorial day flower. The auxiliary will be given an opportunity to wear a poppy on poppy day.

Tech. Sgt. Geo. R. Brandon of the WAC recruiting corps was introduced and gave a most interesting talk.

Hostesses for the evening were Mrs. Fred Curtis, Mrs. M. D. Weathers and Mrs. E. W. Richardson.

Group singing was led by Mrs. B. B. Bettis with Mrs. William Monegan at the piano.

Mrs. Linden Jones gave amaryllis plants to several of the members.

Americans Attack Truk

LONDON, May 2—(AP)—A broadcast Tokyo imperial headquarters communicate said today that an American aircraft carrier task force attacked the Japanese naval base at Truk in the Caroline islands Sunday and Monday and caused "some damage" to ground installations.

Japanese planes and garrisons "heavily damaged" an aircraft carrier and shot down more than 30 attacking aircraft, the war bulletin said. It also reported that the Mortlock islands in the Carolines were bombed.

The Japanese further claimed that they sank one cruiser and damaged another large warship, probably an aircraft carrier, out of a task force off the west coast of Hollandia, New Guinea, on April 27.

There was no confirmation of the Tokyo announcement from any Allied source. Adm. Chester W. Nimitz announced at Pearl Harbor yesterday that the skipper of a single navy search Liberator made a daring aerial attack on Truk Saturday.

Bombing From Over 500 Planes

Today's Raids Over Nazi Europe Follow Attacks of 1,000 by Night

LONDON, May 2—(AP)—Swinging into the most widespread attack on German rail transport thus far, Allied air forces late today brought to more than 25 the number of heavy smashes made in a period of about 24 hours against these centers of enemy defense.

By Gladwin Hill

LONDON, May 2—(AP)—American Liberators bombed German installations in northern France at midday today carrying the greatest pre-invasion air offensive into its 18th consecutive day after 1,000 or more heavy bombers assaulted enemy targets by night in France, Belgium, Italy and Germany.

Up to 750 heavy British and Canadian bombers flew from England through a cloudless night against German aircraft, chemical, auto and explosive factories and against the rail targets on which the enemy must depend to meet invasion, the British war ministry announced. The others rose from Italian bases.

About 500 American planes were estimated authoritatively to have made today's attack, half of them Liberators and half Thunderbolts and Mustang fighters.

The night operations, probably the most far-flung although not the heaviest conducted by the RAF, came while Allied heavy and medium bombers in the Mediterranean theater shot a four-day blow at key German-held cities in Italy. They also followed attacks by Britain-based daylight raiders, of which 2,000 were American, which chewed up 17 rail junctions through which supplies and men move to Hitler's Atlantic wall.

Uninterrupted Raids
The night attacks capped 17 straight days of uninterrupted large scale raids on the Germans' European fortress from both Britain and Italy.

The operational record from Britain yesterday was around 4,000 sorties (individual plane flights) while Allied planes, based in Italy added 1,300 more sorties to the pre-invasion aerial crescendo. Ten planes from the RAF British-based sky fleet failed to return, while two Allied aircraft were reported missing from all daylight and night operations yesterday in the Italian theater. Two enemy planes were destroyed in the Italian theater.

The RAF planes from Britain, which also were joined by RCAF bombers, hit an auto works at Lyon, an airplane repair plant at Tours, an airplane factory and explosive works at Toulouse and rail installations in Chambly near Paris.

Hit Belgian Targets

In addition to these French targets, the night raiders hit two Belgian

merry-go-round

by Drew Pearson

WASHINGTON, May 2—Underground murmurings indicate that cautious, good natured AFL leader Bill Green is headed for trouble within his own ranks. Ironically, the issue will be his political activity.

Bill, long opposed to active labor participation in politics—particularly CIO participation—has been delving a little himself, and some of his union members are objecting. Chiefly, Bill has endorsed some of the most reactionary congressmen he could find. Here is the roll call:

Martin Dies: After Green endorsed Dies, AFL unions in Dies' Texas district immediately repudiated their national leader. They will fight Dies.

Senator Gerald P. Nye, arch-isolationist from North Dakota opposed by progressive Republican congressman Usher Burdick. And meanwhile, Dan Tobin, head of the powerful International Teamster union, announced for Burdick, while the AFL central council in North Dakota, meeting in Fargo, voted 4-1 to reject Green's instructions against cooperation with the CIO's political action committee, which is fighting Nye. These instructions were sent to all AFL unions and councils, and have already been rejected by AFL organizations in Connecticut, Rhode Island and a dozen other areas.

Chicago Tribune Congressman Fred Busbey and Stephen A. Day of Illinois. Green's endorsement of them has been repudiated by the Chicago AFL organization.

Letters sent to various labor leaders by Green, endorsing congressmen, are made public from time to time, but under pressure from AFL union members. The latest was in Oakland, California, where Green favors the re-election of conservative Republican Albert E. Carter. AFL unions in the area had already agreed to cooperate with the railroad brotherhoods and the CIO to elect George P. Miller and they're not going to change their plans for Green.

Writes to Himself

How complicated government is getting is illustrated by Colonel Robert Cutler, who writes letters to himself.

Cutler is executive officer for the U. S. war ballot commission in the Munitions building. He is also the secretary of war's coordinator for soldier voting, in the Pentagon building. In his latter job, he writes letters to Colonel Cutler at the Munitions building, then drives to the Munitions building and, as executive officer of the U. S. war ballot commission, answers his mail—including letters from Col. Cutler.

Four F's

Despite all the army howls for 4-F's to get into war plants, it remains a fact that physical examination in many plants is so stiff that they can't get in. In fact, the physical in some plants is stiffer than in the army.

Many a patriotic 4-F has worn out shoe leather making the rounds of war plants, only to find that he can't get in. A punctured ear drum, for instance, is considered as important in a war plant as in the army.

In recent weeks, belated steps have been taken to relax some of these physical restrictions, but much still remains to be done. So you can't blame a lot of the 4-Fers if they aren't in war plants. Another difficulty which the manpower commission might well dig into is the fact that anyone can quit work in a vital war plant but without a certificate of availability, cannot transfer to another war plant—at least, not until after a 60-day period.

In other words, you can step out of an aircraft factory or a synthetic rubber plant and go to work in a barber shop or at a bootblack stand, or just loaf at home. They are not essential industries. But if you want to switch to a munitions plant, you can't—without a certificate of availability (which you probably can't get) or without

Looking Backward

Forty Years Ago

The special train carrying the Richard Mansfield Theatrical company which passed through here over the Missouri Pacific at 4:30 yesterday afternoon, was one of the longest special trains that ever went over the line. It consisted of four baggage cars, two day coaches, one dining car and Mr. Mansfield's private Pullman.

The Missouri Valley league season was opened Sunday at Liberty park under the most auspicious conditions. The weather was delightful and fine and an audience of 862 paid admission lovers of the national game was present to witness the initial contest in which Sedalia defeated Fort Scott 4 to 1.

Just as the umpire called game, at 3 o'clock, the championship banner of 1904, won by the Goldbugs last year, was unfurled from the peak of a 50-foot flagstaff in deep center field and as the pretty piece of bunting unfolded to the breeze it was greeted with a roar of applause.

A petition was offered by Alderman Letts at the Sedalia city council last night, signed by a large number of property owners, requesting the council to pass an ordinance for the paving of Fifth street, between Hancock avenue and Engineer street.

Helicopters Take Off at 60

The take-off speed of small helicopters is approximately 60 miles an hour, but the plane can be driven as slowly as its driver wishes, which will make the anticipated "family size" helicopter simple and safe.

Helicopter attack bombers are now being delivered to the U. S. Army Air Forces, Marine Corps, and Australian Air Force.

Guadalcanal—It Stops Raining Only to Pour

(USMC Photo from NEA) Guadalcanal has two seasons—the rainy, between November and May, and the "wet" season. The only difference between them is that during the wet season there are no floods. When the rainy season reached its peak recently, as much as eight inches of rain fell in 24 hours and rivers rose as high as seven feet above normal in two hours. Photos here show what Yank fighters on the island were up against. At left, camp ground became a lake, and one Marine said every time he lay down in his bunk he became seasick. Right, below, wrapped in ponchos and raincoats, Yank fighters watch a movie with rain, thumping on their helmets nearly drowning out the sound track. Right, above, Marine Tech. Sgt. James W. Daniels of Los Angeles tries to figure out how to undress, get into bed and keep dry at the same time.

Discussion On Airport Before City Council

(Continued from Page one).

Continuing Keenan complimented Anson Finnell, the new chief of police, stating he had appeared twice before the Council, in caucus, asking for more money and uniforms for his men. Keenan and Seifert voted no when the name of W. B. Farley was submitted for weighmaster. T. H. Yount and Frank Middleton cast nay votes when the name of C. F. Fischer, for plumbing inspector, was presented.

Not Consulted On Night Chief

Anson Finnell, newly elected chief of police, arose after the names of the police officers were read, and stated he had not been consulted about the men who were to work under him, and he wanted to say "that he is entitled to pick his own night chief of police, and it will be John O'Brien." "The police committee may have something to say about that," answered Chairman Pringle.

A resolution passed requests the Civil Aeronautics Board, Washington, D. C., to grant a certificate of convenience and necessity to the city, which will make it possible for airplanes to use the Sedalia field. The resolution further requested permission for T. H. Yount and Mayor A. H. Wilks, or both to present on behalf of such application, evidence as may be necessary to the granting of such certificate.

Would Develop Airport

There was considerable discussion of the Sedalia airport. Charles M. Van Dyne, reporting on a meeting of the airport committee, held at the Chamber of Commerce in the afternoon, said they were interested in development of an airport school by Jack Funk, where it would be necessary to expend about \$2,803 to build a small hangar, install lights, and put a well on the grounds in condition. There is \$1000 in the airport fund, he said, and they hoped the city would add the remainder in order to start development of the airport in a small way. The money so advanced now, he said he believed would come back to the city in crops in the fall. Mr. Funk, in addition to conducting the schools, could service with gas and oil any planes landing there, and all other than his would pay the city a fee for use of the field.

Keenan believed that the matter of a larger development of the field, costing approximately \$75,000 or \$100,000 should be submitted to the vote of the people. When the field was purchased, he recalled, it was believed it would be developed by the army. This plan has not worked out, and it is his opinion further development should be up to the people as a whole.

J. F. Taylor favored development of the airport, in a big way at such time someone has enough money to do it. To make improvements to the amount of \$3,000, he said is like pouring sand in a rat-hole. Sedalia does not have money to develop it in a big way now, he continued, because there are too many improvements needed within the city of Sedalia that should be taken care of first.

Representatives of the Veterans of Foreign Wars asked for the privilege of buying a plaque for the ship to be named for Sedalia.

Research indicates that the jet-propulsion plane is only half as efficient as the conventional aircraft at 150 miles per hour, but twice as efficient at 550.

TAKE AWAY THE LADY by Lester Dent

Copyright, 1944, NEA Service, Inc.

THE STORY: Lieut. Link Belt, Army Air Corps radioman, is interned in Niji Prison, Yokohama. His plane was brought down while bombing Tokyo. He is talking to Pilot Officer Baldwin of the RAF, a fellow prisoner, when the cell door opens and a Jap officer steps inside.

CAPTAIN AZARASKI

III

HE stood as they always seemed to stand, one hand on a holstered revolver, as his eyes searched the prisoners. "Your badges," said the officer loudly. "All your badges, let me see."

The badges were made of white cloth, all prisoners being forced to wear them. Printed on them was the wearer's name, nationality, and a number. They must be worn at all times. "They're after somebody," Baldwin whispered.

Link nodded and said, "Poor devil, whichever one of us it is." He did not say it very loud. He said it, probably, because that was what they usually said when the Japs took away a prisoner.

Actually, Link had the queerest feeling that he was the one they were after this time. All of a sudden, he felt the way you feel after lightning has struck close to you. So he somehow was not surprised at what happened.

The officer pointed at Link. "You," the officer said. "You come with me."

Baldwin, in a stricken voice, gasped, "What's wrong? What's happened?"

"My name must have come out of a hat," Link said.

Or had they found out that he had been in a bomber which had dropped a few on Tokyo, he wondered.

They took him upstairs. So he knew he was going to the elaborate private office of Captain Azaraski, commandant of Niji Prison.

Discovery of Glass

Phoenicians are said to have come upon glass making when the crew of a Phoenician vessel landed on a Palestine river bank to prepare food. No rocks were available, so the seamen used lumps of soda from their cargo to support their cooking utensils. Heat of the fire fused the beach sand and soda, forming a transparent mass.

Double Trouble at Anzio

Medical corpsmen are just as vulnerable to enemy fire as the fighting men they serve. Here, for example, is an "aid man" who crawled beyond the American line on the Anzio beachhead in Italy to treat a wounded soldier who had been calling for help. While crouching over the wounded man in a shallow ditch, he was drilled through both cheeks by a German sniper. This sketch, by Sgt. Brummett Echowhawk, shows the corpsman, convulsed by shock and pain, holding the side of his face where the bullet came out. The artist, a Pawnee Indian and twice wounded infantryman, completed this drawing in a hospital. (Copyright, 1944, by NEA Service)

Society and Clubs

Mr. and Mrs. William E. Wear, 8810 West Broadway announce the approaching marriage of their daughter, Mary Evelyn, to Staff Sergeant Thomas Jerome McNally, son of Mr. and Mrs. H. E. Hollenbeck of Tarentum, Pa. The wedding will take place this month.

Sergeant McNally is stationed at the Sedalia Army Air Field. Miss Wear is a graduate of the 1940 class of Smith-Cotton high school and of the Central Business college.

Mrs. H. E. Lindstrom spoke entertainingly on the gardens of Europe she visited during a trip abroad in 1929, at the closing meeting of the season of the Sedalia branch of the American Association of University Women, held late Friday afternoon at the home of Mrs. Don S. Lamm, 1303 South Osage avenue. A number of guests attended.

Mrs. Lindstrom described famous gardens she saw in England, France, Austria and Germany, and also beauty spots in Old Mexico, illustrating her talk with photographs which were passed around to those attending.

The speaker was introduced by Mrs. Leon Archias, program chairman.

Mrs. Archias reported on conferences with senior high school girls in regard to college guidance, a principal AAUW project.

During the business session, presided over by Mrs. E. M. Stafford, Jr., the club members voted to continue having alternate afternoon and night meetings, the next to be a night gathering in September. Mrs. Stafford will continue as president for the 1944-45 season.

Hostesses assisting Mrs. Lamm were Mr. Archias, Mrs. Philip McLaughlin and Mrs. Arthur Henze.

Mrs. Abe Bertman, Mrs. Al Fabry, Mrs. Robert Kahn, Mrs. Ray J. Fender and Mrs. Sarah Fredrick Cantor were hostesses Monday afternoon at a 1:30 o'clock dessert luncheon at Mrs. Bertman's home, 711 West Fifth street, honoring Mrs. Meyer Brodie of Tarzana, Calif., who is a guest of her brother and sister-in-law, Mr. and Mrs. Elliott Ginsberg, 1007 West Seventh street.

Bridge and Mah Jongg were the diversions of the afternoon. Mrs. Brodie will leave Wednesday for visits with relatives in Chicago, and Gary, Ind., before returning to the west coast.

On April 24 Mrs. Ginsberg entertained 20 guests at luncheon in the Palm room of Hotel Bothwell honoring her sister-in-law, bridge and Mah Jongg were played afterward.

Last week hostesses at parties for Mrs. Brodie were Mrs. Jules Hyken, Mrs. Louis Isgur, Mrs. Sam Raskin, Mrs. Arthur Kahn and Mrs. Burney Friedlander.

Members of Girl Scout Troop 10, who are graduating this spring from Smith-Cotton high school, were honored at an informal tea from 4:30 to 5:30 o'clock Monday afternoon at the Elks club, with Troops 4 and 1 as the hostess groups.

There were about 60 young girls in attendance.

Leader of the honored troop is Mrs. A. A. Studebaker, who also is leader of Troop 4. Mrs. Otis Clouser is leader of Troop 1.

Hostesses at the tea from Troop 4 were: Rosalie Chasnoff, Elaine Warren, Joann Rosenthal, Violet Richardson and Margaret Liming. Hostesses from Mrs. Clouser's troop were Marilyn Morris, Rose Marie Muster, Mary Louise Chesner and Jean Hulise.

The Girl Scout colors of green and yellow predominated in the color scheme, with yellow candles in green holders arranged on the table around a green bowl which contained a centerpiece made up of spring corsages for each of the honorees.

Special guests were Mrs. Harry Lambirth, president of the Girl

Scout Leaders' association, Miss Agnes Quin, executive secretary of the Girl Scout office here, and Mrs. Abe Silverman, assistant leader of Troop 1.

Girls of Troop 10 honored were Evelyn Beach, Joan Connolly, Lydia Gerster, Winifred Griswold, Joyce Hartzell, Betty England, Virginia Lindstrom, Betty Roe, Frankie June Rodgers, Betty Leake, Betty Lu Urban, Dorothy Dean, Laverne Broyles, Genevieve Sullivan and Aileen Snyder Erickson.

Mrs. David Edwards, 309 South Carr avenue, returned Saturday from San Francisco, Calif., where she visited her husband who is in the navy.

On Easter Sunday a reunion was held at the home of an aunt, Mrs. Kate Scherubel.

Guests included Mr. and Mrs. Edwards, George R. Brown, U. S. Coast Guard, who is a brother of Mrs. Edwards, Carol V. Brown, U. S. Navy and an uncle, Eugene M. Brown.

Little Russell Edwards visited with his grandparents, Mr. and Mrs. Emmett R. Brown of LaMonte, during his mother's absence.

The Women's Council of the First Christian church will meet at the church on Thursday. Coffee-dish luncheon at 12:15 in charge of Circle No. 4, Mrs. P. H. Handley leader. The program follows at 1:30. Mrs. Herbert Seifert will be the speaker.

The Woman's Society of Christian Service general meeting will be at the First Methodist church Thursday at 1:30 o'clock.

The Koenig circle will present the program.

The Curran circle will have charge of the social hour.

The Woman's Society of Christian Service of the Fifth Street Methodist church will meet Thursday morning at 10:30 o'clock at the church. Mrs. A. L. Henderson and her committee will serve lunch at noon.

Farewell Dinner To Rev. Leazer

The Rev. R. W. Leazer, who gave his last sermon as pastor of the First Baptist church Sunday and will leave Wednesday for a new pastorate, in Moberly, was honor guest at a farewell dinner given by the Ministerial Alliance Monday evening in the Palm room of Hotel Bothwell.

The Rev. J. Fred King, president of the alliance, served as toastmaster at the informal 6:30 o'clock dinner.

Mr. Leazer is a past president of the Sedalia Ministerial Alliance serving from November, 1939, through September, 1940, having been elected to fill the unexpired term of the Rev. J. C. English, Methodist minister.

Arator Club at John Dove Home

A lesson on dry cleaning and pressing at home given by Mrs. C. E. Wilson was the feature of the meeting of Arator Homemakers club recently at the home of Mrs. John Dove.

A contributed lunch was served at noon.

Due to the absence of the president, the vice-president, Mrs. Youngkamp, conducted the business meeting.

Miss Mable Cook read an article about Thomas Jefferson as a farmer.

Mrs. E. L. Cramer was appointed assistant 4-H club leader.

Games were led by Mrs. C. E. Wells during the social hour.

Boy Scouts To Collect Paper

Sedalia's second one-day paper collection drive scheduled for next Sunday afternoon will be conducted by the Boy Scouts of the city. This drive to relieve the critical paper shortage will be conducted according to the plan used for the first one-day collection held last February 27. In the first drive the Boy Scouts collected approximately 70 tons of paper.

Volunteer trucks and truck drivers from business houses of Sedalia are again asked to help in the drive. The trucks are a vital part in the drive and without them the campaign will fail. All business houses of this community that are able to loan their trucks for next Sunday afternoon are asked to call the Chamber of Commerce office immediately. The telephone numbers are 895 and 896.

For Those Who Already are Shod for Work; Dressy Shoes, Fancy Trimmings, Two-Toned Models Bid for New Shoe Stamp, Good May 1

(Shoes from Palter Deliso)

By Epsie Kinard
NEA Staff Writer

NEW YORK — If you're pretty well stocked up with footwear for walking and working—and that's what the manufacturers believe—you'll spend Stamp No. 18, expiring April 30 or the new stamp good May 1, for shoes with more wardrobe appeal, such as two-tone brown and white, which are back again because the bans on them have been lifted, all-white or fancier dark shoes.

The new brown and white models, however, are limited to 30 per cent leather, which means that the base will be made in most cases of fabric—linen, crash, sail cloth or some other sturdy white material that submits to cleaning. Back in the fashion picture, too, is the all-white shoe, which saves valuable dye, in buckskin, suede, kid and fabric; in perforated and cut-out pumps, open-toed sandals, spiralling shoes, sling pumps and sling oxfords and trimmed up within an inch of their lives with bows, buckles and "business" to give them glamor appeal.

One of the most news-worthy bows is a rosette made of hand-crocheted cellophane which looks frivolous, but isn't. It comes as clean as a whistle when washed.

Trimmings also dress up the dark shoes in shades of brown and black. They make up in faille bows, plastic, cut steel and jet buckles and other details what shoes are denied by wartime rulings in change of patterns. In dark dressy shoes, suede is a favorite leather. But it's vented, cut out and in many styles made almost entirely of straps, for the spring and summer comfort.

For teaming up with just about anything you wear, patent leather is a strong contender for Stamp 18, because it goes so nicely with black sheers, summer prints, brown or navy outfits. And, for many, it will be No. 1 choice for wear with navy costumes when navy leather shoes, which won't be made when existing materials are exhausted, bow out of the picture.

Fourteen members and several visitors were present and during the afternoon games were enjoyed.

The next meeting will be with Mrs. C. H. Williams the afternoon of May 18.

"CONSTIPATION GONE—THREW PILLS AWAY"

"Year's trial convinces me All-Bran's a better way"

Why go on dosing? Read this sincere, unsolicited letter from an ex-constipation sufferer:

"I'm a regular listener to radio programs featuring KELLOGG'S ALL-BRAN. Pleased to say my breakfast every morning for over a year has been a generous bowl of ALL-BRAN. It gives such wonderful relief I've thrown out all pills and other purgatives. ALL-BRAN'S a much gentler way to aid regularity. Others with constipation like mine really should try it." Mrs. J. F. Grubb, 4405 N. Broadway, Fountain City, Knoxville, Tenn.

This seeming magic makes plain common sense. You see, KELLOGG'S ALL-BRAN can really get at a common cause of constipation—lack of dietary cellulose elements—because it is one of Nature's most effective sources of these elements. They help the friendly flora to fluff up and prepare colonic contents for easy elimination. KELLOGG'S ALL-BRAN is not a purgative! Doesn't sweep you out. It's a gentle-acting, "regulating" food.

If you have constipation of this kind, eat KELLOGG'S ALL-BRAN, or several ALL-BRAN muffins regularly. Drink plenty of water. See if you don't find real lasting relief. Insist on the genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

...Into
Machines

WASHINGTON, May 2.—(AP)—An investigation of reports that some soldiers are losing a large part of their pay in army camp slot machines was sought today by Senator Bridges (R-N.H.).

Bridges, asserting he had asked the War Department whether anyone had been given permission to install slot machines at military posts, said information had reached him that "the ownership and control of these machines is in the hands of a very small and select clique close to the administration."

The request for investigation was directed to Brig. Gen. Milton B. Persons, chief of the War Department's legislative and liaison division. "The complaint reaching me," Bridges said, "is that the slot machines have been taking a substantial part of the pay of some service men, and placing them in financial difficulties."

"I have asked the department whether their use at the camps has been officially sanctioned and if so, who owns or controls the machines."

Bridges said he had relayed to the department one complaint that Camp Patrick Henry, Virginia, was "one place where the situation is extremely bad."

A War Department spokesman said that army regulations forbid slot machines or any gambling devices in post exchanges, service clubs or auxiliary facilities available to enlisted personnel. He said post commanding officers would, in some instances, have authority to permit their use in officers' clubs.

Arrested on Traffic Charge

Harding Young, 1423 East Ninth street, was arrested this morning on a charge of reckless driving and not having a chauffeur's license, following an accident at Broadway and Montgomery avenue about 7 o'clock this morning. He is to appear before Judge C. W. Bente in police court.

Mrs. H. W. Edwards, 911 East Broadway, who was knocked to the ground when the truck driven by Young struck the parked car of Mrs. Nora M. Kahrs, 1407 South Park avenue, received bruises. She was given medical treatment and sent to her home.

Mrs. Kahrs had pulled up to the curb to let Mrs. Edwards in her car, when the truck, going east on Broadway and driven by Young and belonging to the Brown Farms, was said to swerve to the left side of the street and strike the Kahrs car.

The Kahrs automobile was badly damaged.

Strength of FDR Tested By Proxies

Elections in States Show Which Way Wind Blows

By Jack Bell
Associated Press Staff Writer

The Roosevelt administration underwent a test by proxy in the Florida and Alabama Democratic senatorial primaries today. It also figured as a side issue in voting by South Dakota Republicans.

With plenty of personalities involved, Senator Claude Pepper, Florida Democrat, carried the New Deal banner into a five-way contest for renomination that had found his chief opponent, County Judge Ollie Edmunds of Jacksonville, hammering away at the administration's domestic policies and at their support by Pepper.

In Alabama, Senator Hill, the Democratic whip and strong supporter of the president, fought out a challenge by James A. Simpson, Birmingham attorney, who urged the voters to reject Hill as a Roosevelt man.

A Republican version of the administration issue played a part in the South Dakota GOP senatorial primary, where Senator Gurney is seeking reelection with a plea that he was one of the first to recognize the need for preparedness before this country entered the war. His opponent, Lieut. Gov. A. C. Miller, based his appeal on the contention that Gurney followed the president too closely and "adopted much of the New Deal philosophy."

The support-the-president plea apparently had little effect in Maryland, where Senator Tydings won renomination by nearly five to one over Willis R. Jones of Baltimore, his principal Democratic opponent in a five-way race.

Jones had criticized what he said was Tydings' failure to back the president's policies, while Tydings had insisted that he and Mr. Roosevelt worked together on major issues despite their 1938 differences when the president openly opposed his renomination.

Commenting on his victory last night, Tydings said he didn't think his relations with Mr. Roosevelt had much to do with the campaign.

Shortage of Ministers

By Arthur Edson

KANSAS CITY, May 2.—(AP)—The number of ministers has dwindled so steadily that the Methodist church probably will have an acute preacher shortage within the next ten years, a report to the general conference disclosed today.

The report, prepared by Murray H. Leiffer, professor of sociology and social ethics at Garrett Bible school, 1115-15th, was based on a study of the Methodist church and the nation's population have grown proportionately since 1910, the number of ministers has failed to keep pace. Between 1900 and 1915, the report added, when the church was only half its present size, it ordained almost twice as many preachers each year as it does now.

As a result, Leiffer's report added, almost 30 per cent of the Methodist ministers are between 53 and 62 years old. Within the next ten years, he predicted, 6,331 preachers will die or retire—it's compulsory to quit at the age of 72.

There are at least three reasons for this dwindling supply, the report concludes. (1) The increased educational requirements (as late as 1926 more than half of the Methodist ministers had not been licensed by the ministry, but were graduates either from a seminary or a college). (2) The ministry no longer is presented as an attractive decision of almost all conferences to bar men who have passed 35 years of age.

Anniversary Party for Band

The members of the 757th Army Air Forces band, stationed at the Sedalia Army Air Field, held a first anniversary party Monday night at Kueck's tavern.

The anniversary speech was made by Warrant Officer Thomas E. Wilson, base band leader, and Cpl. Marshall C. Anders, pianist, served as toastmaster.

Sgt. James Elkins gave a humorous talk on band personalities. Among those attending were: Master Sgt. Joseph F. Regan, plans and training non-commissioned officer, who lives in Sedalia at 1617 West Third street; Technical Sgt. John C. Baker, assistant concertmaster of the Sedalia Symphony orchestra, and Staff Sgt. Dick Dale, dance band leader.

The band unit will present an anniversary concert at the service club at the air base Friday night for civilian and military personnel, with the program dedicated to Col. McCauley, commander of Sedalia Army Air Field.

Three separate phases of the 757th band—symphony orchestra, dance band, and concert band—will be represented at the concert.

OK On School Funds in Bonds

JEFFERSON CITY, May 2.—(AP)—A proposal requiring county courts to liquidate county school fund investments—which at present can be invested only in real estate loans—and reinvest the money in government bonds was approved by the constitutional convention today.

Bonds of the United States, the state, cities or school districts were approved for re-investment of the money.

Present procedure of investing funds and penalties for districts were approved for re-investment of the money.

One-Day Strike In Sympathy

JOPLIN, Mo., May 2.—(AP)—Upwards of 500 men employed in foundries and machine shops in Joplin and Webb City, engaged in war work, and at least that many more union members of AFL, participated in what the Regional War Labor Board in Kansas City understands to be a "one-day token strike" in sympathy with the two-month-old Purkert laundry strike here.

In Kansas City, E. A. Ruesing, director of the disputes division of the Regional War Labor Board, said that although his office was without jurisdiction it had done everything within its power to prevent the "token strike" in the interest of averting a work stoppage, pointing out that such a strike will "accomplish nothing."

Union leaders here called it a one-day "vacation" and said it was 100 per cent effective in that some members of all crafts affiliated with the AFL were represented in the demonstration.

Soon after a mass picketing demonstration started in front of the Purkert laundry this morning, with approximately 100 men and women in line, police were notified that three stretch bombs had been hurled into the establishment. Police went to the scene but said they found no disorder or interference with operations.

Strength of FDR Tested By Proxies

Holly said he would make his decision Monday.

Historic Case

Resuming his plea before Federal Judge William H. Holly in a widely watched case involving a test of the president's power to take over plants listed as non-war facilities by their owners, Harold Smith, a Ward attorney, declared the Smith-Connelly act limited such seizures to factories or mines producing materials needed for the war effort.

"The seizure was a thing that has not been equalled in the history of the country," he said. "Indignation has resulted all over the country and in congress."

Smith argued that the law conferred seizure power upon the president but restricted such power to the war effort.

Seizure of the big mail order house, effected last week on Mr. Roosevelt's order culminating a labor dispute, was termed by Attorney General Biddle as coming within the president's powers.

Biddle, arguing in behalf of the government's petition for an injunction restraining Ward company officials from interfering with federal operation of the Chicago properties, yesterday asserted the president, as commander-in-chief of the army and navy, has "a great constitutional reserve of power."

Yanks Rain Bombs From 500 Planes

lations at Genoa were given their fourth consecutive pounding by Liberators, Wellingtons and Halifaxes hammered at targets in Alessandria, 50 miles southwest of Milan. A factory and a dump near Popoli and a dump near Moricone also were bombed.

During daylight yesterday, Allied medium bombers blasted rail targets in the Florence and Rome areas and fighter bombers ranged over rail communications along both the Italian east and west coasts and hit motor transport northwest of Metkovic in Yugoslavia.

Attacks Woman, Then Shoots Self

COLUMBIA, Mo., May 2.—(AP)—Jim McKissick, 42, farm hand, shot himself fatally at a farm eight miles west of Columbia yesterday afternoon after attacking Mrs. Esther Schotte, 42, wife of his employer, Gus Schotte, with a rifle. Mrs. Schotte, beaten over the head with the rifle barrel, is in a serious condition at a hospital here.

Officers said McKissick admitted the attack on Mrs. Schotte and told them he shot himself. They said they had established no motive. McKissick died last night, several hours after he was brought to a hospital here.

No Knowledge Of Collection

JEFFERSON CITY, May 2.—(AP)—A memorandum to employees of the state grain warehouse department inviting contributions to Gov. Forrest C. Donnell's senatorial campaign fund was issued without his knowledge or authorization, the governor said today.

The memorandum was issued by Turner B. Morton, appointed by Donnell to head the grain warehouse department. It said, "I, like Governor Donnell, feel that all contributions should be strictly voluntary."

Three Divorces Granted

Three divorces were granted in circuit court this afternoon, by Judge Dimmitt Hoffman.

They were: Beulah Siard from Abe Siard; Hazel English Peters from Charles A. Peters, and plaintiff granted the restoration of her maiden name, Hazel English; Olive M. McGee from Earl C. McGee. Plaintiffs in each case were represented by W. W. Blain.

'Baby' Dance for U. S. O. Girls

The dance sponsored by the USO to be held at the Sacred Heart school gymnasium Saturday night will be a "Bib and Pinafore," party in observance of Baby Week which is this week.

The following invitations were sent to the GSO girls:

"Since this is National Baby Week. In keeping, GSO must keep. Forget her age, her dignity. Come prepared to help the committee. Send your photo by Wednesday, (don't get sore) Taken long before you were four. Bring a doll, wear a pinafore. If dress you don't, a fine's in store."

Special events have been planned and awards given. All GSO girls are asked to have their baby pictures at the USO not later than Thursday.

The committee in charge is composed of Emilie Clark, Merle Bohling, Mary Ann McGurran and Mrs. William Osborne.

Women Sew For Soldiers

A new Monday evening project for war mothers and senior hostesses is sewing for the soldiers at the air base.

The Warrensburg and Sedalia USO women are alternating each Monday night in sewing on chevrons and patches, mending tears, and shortening sleeves, at the base service club.

An enclosed bus from the base picks up the women at 7:00 o'clock and returns them at 10:00 o'clock.

During the first two trials of the new service the men have gone to the club with their clothing to be mended and are very grateful for the assistance. Now that the project is to be a weekly activity groups of women will be asked to assist. The Sedalia War Mothers club will go on Monday, May 15, for the next time for the Sedalia women.

Those who went last evening were: Mrs. Phil Burford, Mrs. E. J. McGurran, Mrs. Pearl Smythe, Mrs. Peter Hoffman, Miss Lella Shortridge, Mrs. A. F. Scott, Mrs. Herman Rapp, Mrs. E. B. McNeil, Mrs. R. B. Rupard, Mrs. Roy Logan, Mrs. Dora Herndon, Mrs. P. V. Scotten and Mrs. Wayne Van Zandt.

Warns Against Over Confidence

PHILADELPHIA, May 2.—(AP)—The production front was cautioned by the American Federation of Labor today against any letdown from over confidence before or during the invasion.

"This is no time to strike," an executive council statement said. The council, holding its quarterly meeting, expressed gratification with the results of an appeal it made last January for extraordinary production efforts.

"Three months have passed since that action was taken," the council said. "During that period, no strikes have been called by any affiliated union of the American Federation of Labor engaged in war production. During that period, tremendous progress has been achieved in labor's productivity in key industries. During that period labor has more than fulfilled the government's most optimistic expectations."

"When the invasion starts and the fighting hits its highest pitch, the workers of America must carry out their assignments as a stern and solemn duty with the same spirit and the same high morale as our armed forces."

Bankers Meet In Kansas City

KANSAS CITY, May 2.—It was announced here yesterday by Kearney Wornall, president of the Missouri Bankers association, that the fifty-fourth annual convention of the association will be held at Hotel Muehlebach in this city on May 16 and 17.

"In keeping with war times," said President Wornall, "we are preparing a streamlined program that will deal with many of the basic problems of current interest to bankers. On our list of speakers to be announced next week will be several nationally famous men."

The convention is scheduled to begin at 1 a. m. Tuesday, May 16, and adjourn at noon on Wednesday, May 17. The only social features in connection with the gathering will be an informal get-together from 6:30 to 7:30 p. m. Tuesday, followed immediately by an informal dinner. The last time the Missouri Bankers Association met in Kansas City was in 1940. This will be the thirteenth time the association has met here.

Kearney Wornall, president of the association, is a Kansas City banker, being vice president of the City National Bank and Trust company.

Partition Suit Dismissed

The partition suit of Anna Miesner, et al, against Edward D. Miesner, et al, relative to the estate of the late Claus Miesner, was dismissed in circuit court this afternoon. The parties on both sides asked the dismissal on the grounds that all heirs of the deceased had reached a voluntary agreement.

Lamm and Barnett were the attorneys for the plaintiff.

Grain Trade Limited

CHICAGO, May 2.—(AP)—Trade in all grains was limited today with uncertain war and weather developments failing to furnish any positive stimulus. Wheat reflected a lack of general interest. Rye failed to develop a trend and lost most of its bulk of a cent.

Moderate offerings of July wheat were reported by a broker with cash connections and there was some selling of the December contract by a local trader. The oats and barley markets were firm but lifeless.

At the close wheat was unchanged to 1/2 lower than yesterday's finish, July \$1.69 1/4. Oats were unchanged to 1/2 higher, July 78 1/2. Rye was unchanged to 1/2 higher, May \$1.30 1/4. Barley was unchanged to 1/2 higher, July \$1.23 1/4.

Isolated Japs Are Liquidated

American Patrols Scour Jungle In Lake Region

By Fred Hampson
ADVANCED ALLIED HEAD-QUARTERS, New Guinea, Tuesday, May 2.—(P)—American infantry patrols scouring the jungle north of Lake Sentani are liquidating groups of isolated Japanese troops who survived the air, naval and land fire when the Americans invaded Hollandia, Dutch New Guinea, Gen. Douglas MacArthur announced today.

Japanese dead counted by the invaders since the landing April 22 and through operations to April 30, which included the capture of four enemy airfields, totaled 677.

MacArthur's communique told of Allied medium bomber sweeps along the Manckwari coast of Dutch New Guinea, far to the west of Hollandia, and the destruction of an enemy vessel by bombing in that area.

Attacks Strongholds

Enemy airdromes at two strategic spots within easy reach of Davao, Japanese stronghold on Mindanao Island, southernmost of the Philippines, were the targets of daylight attacks Saturday. The heavy lunges, a headquarters communique reported Monday, were against Jemfan airdrome in the Sorong area and Mokmer and Sirido airdromes on Biak Island of the Schouten group.

The Sorong area, at the far western end of New Guinea, is less than 700 miles from Davao, where there was a strong Japanese colony in pre-war days. Three Japanese planes were destroyed on the ground. Ten enemy planes contested the raid and one probably was shot down.

Two airstrips on Biak Island, 900 miles from Davao, were pounded with 717 tons of bombs. The Japanese put up 12 interceptors in an effort to ward off the blow and three were definitely destroyed, with two probables. At least 15 Japanese aircraft were demolished on the ground. Three Allied bombers were damaged but reached their base.

Monday's communique said the fourth and last of the airdromes in the Hollandia area, the Tami field, had been occupied by American troops. Some of these fields already are in use.

Missouri River Passes 1903 Mark at Jefferson City

The surging Missouri river climbs to heights exceeding the disastrous 1903 floods, devastating farm lands and towns of central Missouri. At top is a flood scene showing No. 2 Missouri state prison farm at Jefferson City, Mo., now a sea of water. At Cedar City, Mo., (bottom), across the river from Jefferson City, residents leave their homes by boat. Coast guard units from St. Louis assisted in the evacuation. (NEA Photo)

Closing Program At Van Natta

A program of readings, music and song, well attended by the community, presented at Van Natta school Friday, marked the close of the school year.

The only graduate of the school was Roy Neal Scotten.

A basket dinner was enjoyed at the noon hour, and the Rev. Harvey J. Smith, pastor of the La-Monte Christian church, was the speaker of the afternoon.

Miss Mary Anderson, teacher of the school for the past year, was re-elected.

The program follows: "Welcome," Evelyn Scotten; song, "America," school; reading, "The Reason," Dewayne Stark; reading, "The Hobby Horse," Mac Harding; duet, Audrey Nelle Farris and Ann Harding; reading, "Being a Boy," Harold Scotten; piano solo, Ruth Evelyn Farris; reading, "A Little Girl's Plan," Ann Harding; play, "John's Lucky Day," Roy Neal Scotten, Lucille Fiedler, Ruth Farris and Harold Scotten; duet, Ruth Farris and Rose Geiser; piano solo, Rose Geiser; reading, "When My Pa Shaves," Robert Geiser; reading, Ruth Nelle Farris; play, "A Costly Joke," ten children; and song, "Vacation Time," school.

Donald McCune, and John Edward Mein for one year of perfect attendance.

On Friday the pupils and teacher accompanied by Mrs. E. M. Gardner and Mr. and Mrs. Clyde DeHaven went on a picnic.

Miss Hampton has been re-employed to teach South Side school with an increase in salary.

Hog Feeders!

We repeat for the next 60 to 90 days, get in touch with us before bringing in your hogs, as we are compelled to put all our stations on a weekly quota basis.

We must keep our buying within our capacity to sellers and wish to receive more uniform receipts daily, eliminating if possible the "feast one day, famine the next" condition now prevailing.

"IN A NUTSHELL"

With an approximate 20% increase in hogs for this packing season and all packers 15% less manpower, the season must be stretched at least 30 days longer to enable packers to handle this big increase.

"HOLD BACK YOUR LIGHT HOGS"

It is foolish and absurd to sacrifice your light or unfinished hogs at the tremendous discount now prevailing. Finish your hogs before marketing and realize greater profits

"PACKERS FACILITIES ARE LIMITED"

This condition exists over the entire corn belt and if you insist upon shoving more hogs to market than can be slaughtered, it may mean embargoes and shipping permits, as packers cannot hold or store live hogs beyond a few days. It is much better to hold them in the feed lots and assist us in orderly marketing.

We realize our good friends and patrons are most anxious to sell at our stations and we are deeply gratified for this fine patronage and will continue to our utmost to handle every available hog offered us, but only in an orderly manner for at least 60 to 90 days, when the peak should be passed. You can best help yourself by helping us. Cooperate with us, keep in touch with us, especially before marketing your hogs.

Do not fail to phone or see us for booking your hogs.

Tobin is in Brooklyn for Today's Game

Hopes to Turn Back Dodgers Again Like He Did Thursday

By Jack Hand
(Associated Press Sports Writer)

Jim (No Hits, No Nuthin') Tobin takes a hitless streak of 13½ innings into Brooklyn today as he makes his bid for a double no-hitter in the same ball park where Johnny Vandermeer did the trick six years ago.

"Lippy" Leo Fined Again
Since Tobin turned back the Dodgers without a single last Thursday he has hurled one perfect relief inning in Philadelphia and Lippy Leo Durocher of the Brooklyn has been bounced out of one ball game and fined \$100 in addition to suffering the indignity of a 26-8 pasting from the Giants.

There may not be any connection between Leo's tilts with the umpires and the goose eggs his Dodgers laid in Boston, but fans of the nation look for some novel twists in today's duel between Tobin and the Brooklyn club. The Durocher clan is expected to bunt and scramble for anything resembling a base knock with high hopes of a rousing afternoon.

The entire National League enjoyed an open day yesterday before shifting around for new series today but a modern batting record was tied by George Myatt of Washington in one of the two games played in the American.

Washington Mauls Boston
Myatt collected six hits in six at bat as Washington mauled Boston, 11-4, to gain a piece of a mark held jointly by 23 Modern players, two of whom, Jim Bottomley and Roger Cramer, had done it twice. Uncle Willert Robinson still holds the all-time record for one game of seven hits for seven with Baltimore in 1892.

Roger Wolff had an easy time of it behind the Senators 20-hit outburst and found time to chime in with three singles in addition to scattering 11 Red Sox safeties. Jimmy Grant, a Chicago White Sox castoff, made his old manager live to regret it by haunting his old mates with a game-winning double in Cleveland's 9-3 victory. Grant's second two-bagger of the day came with the bases loaded in the 7-run Cleveland eighth. Manager Lou Boudreau made a place for Grant in the lineup when he took himself out and moved Russ Peters from second base to short.

Rookie Hal Kleins of the tribe has the tough luck of being replaced for a pinch hitter in the big disturbance after allowing only five hits. Relief man Ray Poat thus got credit for his initial triumph of the year.

Wilson Resigns As Cubs Manager

CHICAGO, May 1—(AP)—Jimmy Wilson resigned as manager of the Chicago Cubs today.

Wilson, who succeeded Gabby Hartnett as pilot in 1941, tendered his resignation at a meeting attended by James Gallagher, vice president and general manager of the club, and owner Phil K. Wrigley.

The Cubs, after winning their opening game of the season, have lost nine games in a row.

Wilson said he thought the Cubs might shake out of their losing streak if he quit.

Pending the selection of a new manager, Coach Roy Johnson will remain in charge of the team, Gallagher said.

At least 30,000,000 tires are considered necessary to meet essential wartime driving.

The 1944 production of the automotive industry will exceed 10½ billion dollars.

The Name of Eddie Arcaro Derby Favorite

Twice Has Ridden Derby Winners in His Jockey Career

By Orlo Robertson

LOUISVILLE, Ky., May 2—(AP)—

Out of the maze of unfamiliar owners, little known trainers and unpredictable horses that surrounds Saturday's renewal of the Kentucky Derby rises the name of Eddie Arcaro to dominate pre-race calculations as few jockeys have in the 70 years of the turf classic.

Name Always Pops Up
The name of the 29-year-old Italian from nearby Newport, Ky., pops up almost every time the Derby is discussed, and that is often in these parts with seven eligibles getting in their final test in the Derby trial today at Churchill Downs and some 15 other horses waiting in their stalls for the big race.

None of the favorites are in today's mile trial but the race is expected to be a big help in deciding the size of the field for the Derby in that it'll probably eliminate at least five of them. Topping the seven are Mrs. Payne Whitney's Broad Grin, and Mrs. George Poulson's Broadcloth.

Arcaro, hailed by many horsemen as the best rider in the band, will be up on Stir Up Saturday and that fact, as much as the proven ability of the son of Stimulus, has made Mrs. Whitney's representative the strong favorite to be on the front end of the \$75,000 parade at the end of the testing mile and one-quarter.

Eddie will be the only rider in the race that has tasted the fruits of a Derby victory. He booted Lawrin home for Herbert M. Woolf in 1938 and repeated in 1941 with Warren Wright's Whirlaway, world's leading money winning thoroughbred. If he is successful again he'll be the third jockey to win three Derbies. Isaac Murphy and Earl (Handy Man) Sandoe each turned the trick.

Johnny Adams to Ride
Actually, however, Arcaro's Derby experience can be matched by Johnny Adams, the 29-year-old Iola, Kas., booter who topped the nation's jockeys in 1937, 1942 and 1943. Johnny will be up on A. C. Ernst's Alortor, the only horse in the race that rated any consideration for the 1943 two-year old championship but an outsider for Col. Matt Winn's Horseshoe of Roses.

Both Adams and Arcaro, the oldest jocks in the race, have ridden in four Derbies. The closest that the bouncing Kansas rider ever came was last year when he finished second to Count Fleet with Blue Swords.

Only three of the other riders ever heard the cheers of Derby crowds ringing in their ears. Jack Westrope of Baker, Mont., leading jockey in 1933, and Conn Mc-

Creary of St. Louis, each have been in two Derbies. McCreary and Farill Zufelt, 20-year-old Sigurd, Utah, jockey, were in last year's race.

Need Workers In Washington

Officers Here To Secure Them For Service Forces

"Workers are needed in Wash- ington, D. C., in the Army Service Forces—and applications will be received from men and women ranging upward in age from 17½ years. Salaries range from \$1752 to \$2190 per year, and the govern- ment pays transportation costs to Washington, even guarantees a place to live."

This is the message and plea of Lt. John A. Jacobson and Lt. J. Kenneth Eddy, of Washington, D. C., who are in Sedalia now to ap- point civilians for positions as clerks, statistical clerks, typists and stenographers.

All these jobs come under Civil Service regulations, and conse- quently afford greater security and opportunity for retention of em- ployment in the post-war period.

The two officers will be here until May 13, with their headquar- ters at the U. S. Employment serv- ice office at Fifth street and Ohio avenue. While here they will talk with high school seniors and with any other persons interested in go- ing to Washington. They will re- ceive applications and will give the Civil Service examinations. Then, to go even further, they will make reservations for transporta- tion, providing a lower berth on the train, and will see that a gov- ernment car meets the new em- ployee at the station in the cap- ital.

Quarters Are Certified

Contrary to the "crowding" rumors, the War Department dis- approves of letting more than two persons share a room; and rep- resentatives have said that is not necessary. National War Housing authorities inspect and certify liv- ing quarters in Washington which are guaranteed to be satisfactory and in healthful conditions. Fur- thermore, employees may select their residences.

These jobs are assured for the duration of the war and six months thereafter. Those who take ad- vantage of the opportunity are not inducted into any part of military service—they are merely civilians working in the various depart- ments within the War Department, including engineering, quarter- master corps, chemical warfare, medical corps, signal corps, adju- tant general's department, finance department and transportation corps.

Corn Becomes Waste Paper

Waste paper is America's Number One Raw Material shortage. And Bud Abbott and Lou Costello realize there's time for fun, and times when it becomes necessary to be serious. They are shown contribut- ing part of their \$10,000,000 collection of corn—the comedy duo's film and radio scripts—to the waste paper campaign. Saving waste paper is everybody's job. It is vitally needed to make containers for food, blood plasma, ammunition. Save every scrap for victory!

transport supplies and equipment, furnishing also administration services such as finance, legal, in- ternal security, health and wel- fare and housing and communica- tions as required for military ac- tivities in the U. S.

Lts. Eddy and Jacobson are making a tour of the entire state. At Washington, Mo., they secured 12 employees and at Jefferson City some 50 persons passed the ex- aminations. Their itinerary through June 30 includes Bolivar, Nevada, Joplin, Springfield, Chillicothe and St. Joseph and all smaller towns in the vicinities of these.

Clark Appeals To End Bickering

WASHINGTON, May 2.—(P)— Senator Clark (D-Mo.), declaring that victory in the forthcoming invasion of Europe "will entail al- ther most certainly the greatest loss of life and limb that we have ever seen," called Monday night for an end to all bickering on the home front.

"No disputes as to prices, or wages or any other domestic question should weigh on the minds of these boys as they go over in the greatest adventure of all times," Clark said in a speech broadcast over NBC from the an- nual "Commander's Dinner" of the American Legion.

"We at home should completely back them up by adjourning our petty disputes until victory is completely won."

Clark recalled that he was one of 17 World War servicemen who helped organize the Legion in Paris shortly after the armistice of 1918.

Today it is the job of "the old combat soldiers of the American Legion, he said, "to contribute as far as we can to steel the hearts and minds of the American people for the ordeal through which we are about to pass."

In the Service

Jim Bob Marshall, pharmacist's mate on a hospital ship, is visiting his parents, Mr. and Mrs. J. B. Marshall of LaMonte while on a leave. He is a nephew of M. D. Weathers, 408 West Fifth street. He has served in the Pacific and has been at the Solomon Islands and New Guinea.

Quartermaster first class, R. G. Henley of the navy, son of Mrs. Eva Henley, 911 East Fifth street, has been stationed in the South Pacific area since the first of Feb- ruary.

Mr. and Mrs. Ray Cooper of Kansas City, who formerly resided in Pettis county, have received a letter from their son, Charles Ray, who is in the navy air corps sta- tioned in the Pacific area, in which he says he is well and very busy. He is a graduate of the Smithton high school and attended CMSTC at Warrensburg. Before his en- listment in the navy in Septem- ber, 1942, he was employed at the North American Aviation, Inc., in Kansas City.

Mrs. Lillian Delkeskamp, for- merly of 311 South Massachusetts avenue, Sedalia, and now of 3215 Agnes avenue, Kansas City, Mo., has received word from her son, Lester M. Jones, telling her that he has been promoted from a technical sergeant to a master sergeant. Sgt. Jones has been in the air corps overseas for the past two years taking part in the North African, Salerno and Sicily inva- sions and is now somewhere in Italy.

Recently on her birthday anni- versary Mrs. Delkeskamp received from her son a dozen American Beauty roses and a birthday letter.

Allan C. Appell, 18, son of Mr. and Mrs. Carl F. Appell, 5502 Charlotte, Kansas City, formerly of Sedalia, has enrolled recently in the Navy V-12 unit at Park College, Parkville, Missouri.

Entrance into the special train- ing unit enables the student sea- man to take a series of approved university courses. The regular academic curriculum is supple- mented with military drill, phys- ical education and Naval Organi- zation. The young Bluejacket will also have the opportunity to participate in competitive sports and campus activities.

Satisfactorily completing the V-12 program the seaman will be sent to one of the many Mid- shipman Schools established for

the training of Naval Reserve Of- ficers. After successful completion of the midshipman course, seaman Appell then may be commis- sioned as an Ensign in the U. S. Naval Reserve.

Private Egbert D. Michael, son of Mrs. A. D. Michael, 723 North Grand avenue, has completed training and has been graduated from the Army Air Forces Train- ing Command at Chanute Field, Ill.

Mr. and Mrs. Ed Wright, 605 North Prospect avenue have re- ceived word that their son, Pvt. Charles Wright, in the U. S. Army has arrived safely in England.

NEW YORK, May 2.—(P)—Dan- iel De Luce, Associated Press war correspondent, Monday won the \$500 Pulitzer prize for "a dis- tinguished example of telegraphic reporting on international affairs."

Ernie Pyle, Scripps Howard newspaper alliance, won the Pul- itzer award for "distinguished correspondence during the year."

Two \$500 prizes were awarded for news photography, one to Frank Filan, of the Associated Press, for a photograph entitled "Farava Island" and the other to Earle L. Bunker, of the Omaha, Neb., World Herald, for his photo- graph entitled "Home Coming."

A special citation was awarded to Byron Price, director of the Office of Censorship and execu- tive news editor of the Asso- ciated Press on leave, "for the creation and administration of the newspaper and radio code."

"At the same time, the members of the advisory board of the gradu- ate school of journalism deplore certain acts and policies of army and navy censorship in the hand- ling of news at the source, and for the unreasonable suppression of information to which the Ameri- can people are entitled," the Colum- bia university trustees said in announcing the awards.

The New York Times won the prize for "the most distinguished and meritorious public service rendered by an American news- paper during the year." The prize was based on the Times' survey of the teaching of American history.

For distinguished editorial writ- ing during the year, the trustees

awarded a prize to the Kansas City (Mo) Star for editorials writ- ten by Henry J. Haskell.

Heavy Run Of Hogs On Monday

CHICAGO, May 2.—(P)—Heav- iest runs of hogs since late Feb- ruary were unloaded at livestock markets throughout the mid-west Monday, causing many head to re- main unsold at the end of trading, the War Food Administration re- ported.

The WFA warned that "short- age of feed at several public mar- kets is hampering operations, mak- ing it difficult to maintain the weight of hogs that are carried over for any length of time."

Receipts at 12 terminal markets totalled 157,000 head compared with 105,000 head a week ago and 90,000 head a year ago. At St. Joseph, Mo., an embargo was placed in effect until 3 p. m. Wednes- day.

With spring farm work delayed in many areas by heavy rains and floods, the heavy hog movement resulted in part from a desire up- on the part of producers to market their stock before starting field work, the WFA stated.

Livestock observers said the government order freezing corn stocks, making it difficult for some producers to obtain the grain for feeding to hogs, was an additional reason for the liquidation.

Holdovers for sale tomorrow or later in the week totaled 20,000 head at East St. Louis, 5,000 at Chicago, 7,000 at Omaha, 6,000 at Sioux City, 10,000 at Kansas City, 14,000 at Indianapolis and 4,500 at Cincinnati.

for an original American play and in its place a special award of \$500 was given Richard Rodgers and Oscar Hammerstein, 2nd, for the operatta "Oklahoma!" produced by the theater guild.

Howard Hanson won the prize in distinguished musical composi- tion for his "symphony No. 4, Opus 34" performed by the Bos- ton symphony orchestra on Dec. 3, 1943.

The trustees announced that the winners of three traveling scholar- ships to graduates of the Columbia school of journalism will be an- nounced later.

A \$1,500 scholarship usually awarded annually to an art stud- ent was not awarded this year.
